How we spent 2017/18 Sports Funding Grant

For the Academic year 2017/18 we received a Sports Premium of £16,970

Our pupils have taken part in a wide variety of sports and been part of competitive activities along with other local schools.

How money was spent:

- After School Clubs in multi-skills, athletics and football have been popular and well attended
- Gym club run by a specialist coach has developed skills for a group of children
- Pilates club has been popular with children who would not choose competitive sports
- Complete Dance weekly workshops for all classes have been successful and children have performed in front of the school
- Workshops for Year 6 pupils in Active Lifestyles will benefit them in understanding how to keep fit and healthy into adulthood. This included physical activities as well as research projects.
- A project in collaboration with 'HOPE NOT HATE' to teach pupils about diversity and inclusion through sport.
- 85% Y6 can swim 25 metres, 50% can use a range of strokes and 43% are able to perform safe self-rescue.
- A sports package from Complete Sport, PE lessons, coaching and mentoring has prepared pupils for local football, rugby and cricket tournaments. Staff training was also included in the package and has developed confidence.
- The school replaced old sports equipment for use in PE and games and purchased new resources for break-times.
- The school subsidised transport to and from events including the Country Dance Festival to enable large groups of children to take part.
- First Aid training for Y5 and Y6
