AIM HIGH  TO BE THE BEST

2nd March 2021

Rapid lateral flow testing for households and bubbles of school pupils and staff

Dear Parents / Carers

Around 1 in 3 people with coronavirus (COVID-19) do not have symptoms but can still pass it on to others. Regular testing of people without symptoms (asymptomatic testing) is important to help stop the virus spreading. As lockdown restrictions gradually ease, we all need to play our part to help protect each other.

On Sunday 28 February, the [Department of Health and Social Care announced](#) that from Monday 1 March, households with primary school, secondary school and college age children, including childcare and support bubbles, can test themselves twice every week at home as schools return from Monday 8 March. Households, childcare and support bubbles of primary, secondary and college staff can also be tested. Twice-weekly testing will also be offered to adults working in the wider school community, including bus drivers and after school club leaders. The twice-weekly test kits can be accessed:

- via employers if they offer testing to employees
- at a local test site
- by collecting a home test kit from a test site
- by ordering a home test kit online

Schools will not give test kits to parents, carers or household members and will not order more test kits for this purpose. Letters containing advice on where to access testing will be made available for schools to share with parents and staff shortly. This [guidance](#) provides information on who can be tested and how you can get a test and as soon as we receive any further guidance we will, of course, advise you.

Yours sincerely

J Kemp

Mrs J Kemp
Headteacher
