## OUR CHRISTIAN THEME THIS HALF-TERM IS

# TRUST

This week has only been 3 days long, but it has been packed full of fun for all the children!

On Monday 18<sup>th</sup> December 2023 the children in EYFS / KS1 (Red Squirrels &

Hedgehogs classes) took part in a "Santa Workshop". This was the exit point for our Autumn Term theme of Lives Near & Far.

The children had a very exciting, but messy, morning in the School Hall taking it in turns to complete different crafting activities!

Also, on Monday afternoon Otters class received their reward for winning the Autumn Term Reading Challenge. They all enjoyed watching the film My Neighbour Totoro along with popcorn & crisps. Once again well-done Otters for all your efforts this term with your reading - Mrs Bishop is expecting you to keep up the excellent work in the Spring Term!

On Tuesday afternoon all the classes held their Christmas parties - by the noise around the school they all must have had a fantastic time.

Thank you to the Teachers & Teaching Assistants for organising games & prizes!

Today it was announced that **YELLOW** House were the Autumn Term point winners. As a reward all the members of **YELLOW** House received a cake to enjoy during breaktime - congratulation to you all!

This has been a very long term & all the children & staff are ready for a well-deserved rest! We would like to take this opportunity to wish all our families a very Happy Christmas & a Peaceful New Year!

**The Spring Term for the 2023-2024 Academic Year starts on:  
Thursday 4<sup>th</sup> January 2024**

**We look forward to welcoming all the children back in the New Year!**

Today we have said Goodbye to Mr Fowles.

He is our current SCITT Student & as part of his training has been working in **Otters** class 3 days a week since September.

He might have only been with us for a short while, but he has made a very big impression on the children in **Otters**! We wish him all the very best as he moves on to continue his training at another school.

In the Spring Term 2024 we will be welcoming a new SCITT student into **Otters** class - details to follow in the New Year.

## Gymnastics Badge

Congratulations to Sophie A & Emily from **Foxes** class who, last Thursday 14<sup>th</sup> December 2023, were both awarded their next Gymnastics Badges.

Emily received her Level 6 Badge & Sophie her Level 5 Badge.

Well done girls keep up the excellent work!

## Book Worm Badge

A massive congratulations to Freddie in **Badgers** class who has become a **Badger Book Worm**. Freddie has read 10 books since the start of term and completed a book review for each one.

He has received a special Book Worm Badge.

To earn his next badge, he now has to read a further 12 books and again complete a book review for each one.

Well done Freddie!

## School Council

The environment is very important to us here at Latchingdon C of E Primary School & we have, therefore, signed up to UK Waste Directs Christmas Card Recycling Scheme.

An indoor recycling bins has been delivered to the school this week & we would like all our families to recycle their Christmas cards after the holidays.

All cards need to be with us by Friday 26<sup>th</sup> January 2024 when UK Waste Direct will collect the bin.

Once back at their depot they will weigh the bin & let the school know how much we have saved from going into landfill & send us a Certificate!

We might be a small school, but we have very supportive parents/carers so come on Latchingdon let's get all your family involved & see how much we can collect!

**Please send your Christmas cards into school between:**

**4<sup>th</sup> January 2024 to  
26<sup>th</sup> January 2024**

**Thank you for your support!**

**FREE Christmas Card Recycling Challenge!**

**Developed for Schools and Education Facilities across Essex & Colchester in partnership with UK Waste Direct**

Approximately 1 billion Christmas cards are thrown away each year - that's around 33 million trees worth!

We want to encourage Children, Pupils and Staff alike, to recycle their Christmas cards which is why we are offering our Christmas Card Recycling Challenge - **free of charge!**

**Please send your Christmas cards into school between:**

**4<sup>th</sup> January 2024 to  
26<sup>th</sup> January 2024**

## FAQ

### What can go in the bin?

Any cards - Christmas cards, Birthday cards, Thank you cards, big cards, small cards, bright cards, muted cards - we don't mind! We are also happy for white envelopes to go in the bin too.

### What cannot go in the bin?

Anything that is not a card such as food wrappers, tissues, pencil sharpening's, food, plastics.

### Do you count the cards?

Unfortunately our elves are super busy so we weigh the recycling bin when we pick them up so we know how much you have recycled. We will let you know how much you have recycled with a certificate and there will be a prize pack for the school with the most recycling!

### What happens to our cards?

The cards will be baled up and sent to a recycling facility where they go through various processes. Your cards will be 'washed' to remove glues and inks, before being mixed with water to create a 'slurry'. This slurry is then mixed with other materials so that different products can be created, such as newspaper, cardboard and office papers. The slurry is then spread and rolled into large thin sheets, left to dry and then rolled up ready to be made into new products.

### Do you offer anything else?

We partner with many schools supplying them with wheeler bins, sanitary/happy bin collections, skips, confidential waste destruction and cleaning services to name a few! Last Christmas we trailed our card recycling scheme with those we already partner with to involve Pupils with recycling and it was a great success! We believe that educating the next generation about recycling and sustainability is important, which is why we have expanded our scheme this year to include all schools across the County. We also run a confidential paper recycling incentives for school - ask us for more information!

## EGYPTIAN MUSEUM

Thank you to all the parents/carers that came to view the KS2 Egyptian Museum last Friday.

This was the exit point for our Autumn Term theme of Lives Near & Far.

We hope you agree with us that all the children in **Foxes**, **Otters** & **Badgers** have worked very hard during the Autumn Term & produced some fabulous artwork - well done to you all!

Thank you to all the staff & children who worked very quickly to ensure that the Museum displays were in their correct places ready to be viewed in time.

## Primary (Reception) Admissions for Academic Year Starting September 2024

As you may be aware, the Primary School (Reception) admission round opened on **6th November 2023**, for parents of children to apply for a Reception school place for the academic year that starts in September 2024.

The statutory national closing date for applications is **15 January 2024**.

From 6th November 2023, applications can be made online via:

[www.essex.gov.uk/admissions](http://www.essex.gov.uk/admissions)

99% of parents in Essex applied online last year. All of the application information is available on the website above.

The website [www.essex.gov.uk/admissions](http://www.essex.gov.uk/admissions) also has a copy of the Primary Education in Essex 2024-25 booklet and the Schools Admissions Policies Directories contain details of all admission policies.

Latchingdon C of E Primary School would be pleased to show prospective parents around our school.

Please call the School Office on 01621 740328 to arrange a tour.

## Helping Hands Box

Life is continuing to be expensive, with prices still high everywhere.

We all have days where we need some extra help and so we will continue stocking our "Helping Hands Box" which can be found in the school office foyer, with essential food items etc..

If you can donate the odd item great, if you need something then please feel free to come and take it.

We all need to look out for each other.

## Santa's Workshop

## The Winter Reading Challenge is back!

Join Lyra as she travels around the world, finding out about endangered animals. Children can choose six out of 12 challenges.

Once complete, they will be rewarded with a certificate and a prize (while stocks last).

Lyra has started her travels and will return on Saturday 3 February. [Sign up to the winter reading challenge](#) by visiting one of 74 libraries local libraries.

If any children take part please let us know as we love to share their success!

# Maths Challenge

## Maths Problem of the Week

### KS1 (EYFS – Year 2)

#### The Problem

Mr Drake needs 20 metres of ribbon.

Red ribbon costs £5 per metre.

Green ribbon costs £2 per metre.

He buys 12 metres of red ribbon.

The rest is green.

How much does he spend in total?

### KS2 (Year 3 – Year 6)

#### The Problem

Here is a rule for generating a sequence.

Multiply the previous term  
by 3 and subtract 4

The second term of the sequence is 5

Find the difference between the first  
and fourth terms of the sequence.

If you would like to solve your KS problem, please put your completed answer, labelled with your name and class, in the 'Maths Challenge' box in the main School Office Foyer by 8.40am on Friday 5<sup>th</sup> January 2024.

A 'Maths Champion' of the week, will be announced in Celebration Assembly each week. Good luck!

Please see our website for full details of Dates to remember. Details of any events will be sent out nearer the time.

Please note that all events are for the children/staff only unless specified.

## KNOW YOUR E-BIKES

→ **Did you know?**  
**Only some e-bikes are road legal**

The official term for a legal e-bike is an EAPC (Electrically Assisted Pedal Cycle).

What makes a legal e-bike?

- A maximum continuous power output of no more than 250 Watts.
- A motor that may only provide assistance while the rider is pedalling.
- The motor may not provide assistance over 25kmph.
- Must be fitted with a plate showing manufacturer, maximum speed and maximum continuous power output.
- May only be ridden by persons aged 14 years and over.

The safety advice for traditional bicycles also applies to EAPCs, this means riding in a position that helps drivers see you, wearing a helmet and using lights and reflectors in low light conditions.

Don't block your exit when charging e-bike batteries. Store them in a shed or garage where possible. Keep an eye out for warning signs that your battery might be failing and becoming a fire risk.

## → An unsafe, illegal e-bike

Non-road-legal e-bikes often have power outputs of 500-1,000 watts, propelling riders to maximum speeds in the range of 25-45kmph, without pedalling. These include imported complete bikes and kits for converting standard bikes.

While they may look like normal bicycles, these are classed as electric mopeds. However, these bikes are not constructed to a standard where they could obtain MOT or insurance, so it is not possible to make them road legal.

## → Know your e-facts

Non-road-legal e-bikes pose additional risks:

- Capable of speeds in excess of those attained by standard pedal cycles.
- These speeds are normally only experienced on two wheels by motorcyclists, who wear full crash helmets and (should) also wear protective gloves, boots, trousers and jackets.
- Handling, grip and braking of the bike is inadequate to cope with the power of the motor.

## KNOW YOUR E-SCOOTERS

→ **Did you know?**  
**It is illegal to ride a private e-scooter on a public road or pavement**

What is an e-scooter?

Electrically powered scooters are classed as a mechanically propelled vehicle, which means the same rules apply to e-scooters as other motor vehicles. These rules also apply to other personal electric transporters, with the exception of mobility scooters. Electric scooters are treated the same as any other motorised vehicle, this means they must have MOT, Vehicle Excise Duty ("tax") and insurance.

## → Know your e-facts

In order to obtain an MOT and insurance to be used legally in public, an e-scooter must be approved by the Vehicle Certification Agency for its construction and use for transport on the public highway. No such approval exists for privately owned e-scooters.

If you are using a private e-scooter on public roads, or footways, the police can seize it and you could be liable for prosecution for traffic offences, and even receive points on your licence.

Risks include:

- Lack of maintenance affecting braking and tyre performance.
- Changing of devices in the home introduces fire risk, especially if batteries have become damaged or wet.
- Scooters can easily over balance or bump or fall due to their small wheels.
- Handling can be unpredictable, especially when reacting to hazards.
- There can be a temptation to ride while intoxicated or distracted.

## → How to ride legally

A number of rental schemes have been set up in towns and cities in the UK, including Basingstoke, Chelmsford, Braintree and Colchester in Essex. These schemes allow people to use rented e-scooters legally.

To use these schemes, you must:

- Be aged 18 or over.
- Hold a UK driving licence.
- Only ride on roads and cycle-paths within the hire scheme area, pavement riding is not permitted.
- Not carry passengers or allow others to use a scooter you have hired.

Wearing a helmet is highly recommended, and riders have the same responsibility to obey traffic laws as anyone driving a car.

→ **E-scooters are motor vehicles, so must not be used by children.**

## Top Tips for SETTING UP PARENTAL CONTROLS ON NEW DEVICES

In children's eagerness to start enjoying new digital gadgets immediately, it can be easy to overlook setting up the type of parental controls that can help to protect them online. If you don't sort those out from the very start, it can be an uphill battle – technologically and psychologically – to impose such controls later. Here's our rundown of what to look for when setting up the various internet-enabled devices that might be lurking under the tree at this time of year.

### IPHONE

If your child's lucky enough to be getting their own iPhone, parental controls can help avoid issues like screen addiction and unsuitable content. Go into the settings and scroll down to 'Screen Time'. From here you can customise important settings including time limits on using the device, communication restrictions and content blockers. You can also lock your changes behind a passcode.

### ANDROID

With Android devices, Google's Family Link app is your friend. You'll need a Google account – and a separate one for your child, which you should use when first setting up the device. Then, in Family Link on your own device, select 'Add Child' and enter their account details. This lets you specify limits on daily usage, restrict certain apps, block particular content and more.

### PLAYSTATION

You can prep for a PlayStation before it's even unwrapped. At my account.sony.com, create an account, then go to Account Management > Family Management > Add Family Member to set up your child's account, which you'll use to sign in on the console. You can restrict the age ratings of the games they can play and who they can talk to. On the PS5, you can make exceptions for any games you think are acceptable despite their high age rating.

### IPAD

iPad parental controls are identical to those on iPhones. However, if you've got a shared family iPad and want to ensure your children aren't seeing anything age-inappropriate after you hand them the device, there's a feature called Guided Access (under Settings > Accessibility > Guided Access). With this switched on, young ones can only use the app that's currently open.

### XBOX

The Xbox Family Settings app helps you manage which games your child can play (and when). You'll need to set up the console with your own account and then add a child profile. Make sure your account's password is protected, so your child can't alter your choices later. You'll be walked through the functions at setup, but you can also reach them manually via Settings > Account > Family Settings.

### NINTENDO SWITCH

Download the Nintendo Switch Parental Controls app on your phone, and you'll be shown how to link it to the console. Once that's done, you can limit how long your child can play each day, decide what age ratings are permitted and more. You'll also get weekly updates on how often they've used the device. These controls are accessible through the console itself, but the app is usually easier.

### WINDOWS 11 PCS

On Windows 11, account management is key. Set up the device with your own account as the admin. Then go to Settings > Accounts > Family and Other Users and create your child's account (if you've already done this on a previous PC, just log in with those details). Microsoft Family Safety (either the app or the site) then lets you control screen time, what content children can view and more.

### CHROMEBOOKS

Chromebooks' parental controls are managed via the Family Link app. Unlike an Android device, however, you need set up the Chromebook with your own account first, then add your child's. Go to Settings > People > Add Person and input your child's Google account details (or create a new account). Your child can then log in, and you can monitor what they're up to via Family Link.

### MACS

Like iPhones, parental controls for Macs are managed via the Screen Time settings. Again, the crux here is to set yourself up as the administrator before adding any child accounts. In the settings, look for Users & Groups to create your child's account, then – while on their profile – use the screen time options to place any boundaries around apps, usage and who your child can communicate with (and vice versa).

### SMART TVs

Smart TVs typically have their own individual parental controls. One of the most popular brands is Samsung – and on their TVs, you can control the content available to your child. In the Settings menu, under 'Broadcasting', you can lock channels and restrict content by its age rating. Even this isn't foolproof, however: some apps (like YouTube) might still let children access unsuitable material.
